**INFORMATION**

The United States of America, acting through its attorneys, charges:

**I**

**DESCRIPTION OF THE OFFENSE**

1. Carbone of America Industries Corp. (hereinafter "CAIC") and Michel Coniglio are made defendants on the charge stated below.
2. Beginning at least as early as July 1993 and continuing until at least February 1998, the exact dates being unknown to the United States, the defendants CAIC and Michel Coniglio and co-conspirators entered into and participated in a combination and conspiracy to suppress and eliminate competition by fixing the price of non-machined and semi-machined isostatic graphite sold in the United States and elsewhere. The combination and conspiracy engaged in by the defendants and co-conspirators was in unreasonable restraint of interstate and foreign trade and commerce in violation

of Section 1 of the Sherman Act (15 U.S.C. § 1).

3. The charged combination and conspiracy consisted of a continuing agreement, understanding, and concert of action among the defendants and co-conspirators, the substantial terms of which were to agree to fix and maintain prices and to coordinate price increases for the sale of non-machined and semi-machined isostatic graphite in the United States and elsewhere.

4. For the purpose of forming and carrying out the charged combination and conspiracy, the defendants and co-conspirators did those things that they combined and conspired to do, including, among other things:

- (a) participating in meetings and conversations in the Far East, Europe, and the United States to discuss the prices and grades of non-machined and semi-machined isostatic graphite sold in the United States and elsewhere;
- (b) agreeing, during those meetings and conversations, to charge prices at certain levels and otherwise to increase and maintain prices of non-machined and semi-machined isostatic graphite sold in the United States and elsewhere;
- (c) agreeing, during those meetings and conversations, to maintain market shares of sales of non-machined and semi-machined isostatic graphite among the co-conspirators;

- (d) agreeing, during those meetings and conversations, to refrain from selling non-machined and semi-machined isostatic graphite to a co-conspirator's customer;
- (e) agreeing, during those meetings and conversations, to eliminate discounts from the fixed price of non-machined and semi-machined isostatic graphite offered to customers in the United States and elsewhere;
- (f) agreeing, during those meetings and conversations, to standardize the grades of non-machined and semi-machined isostatic graphite offered to customers in the United States and elsewhere for the purpose of facilitating the implementation of the above-described agreement;
- (g) exchanging sales and customer information for the purpose of monitoring and enforcing adherence to the terms of the above-described agreement; and
- (h) issuing price announcements and price quotations in accordance with the agreements reached.
